For the special conditions prescribed in respect of the supply of bottled Mudalkes arrack please see Pr 69-74 of (E) in the linked file CR 6870/35. The minimum quantities that may be purchased from the WM depots at any one time are fixed as specified in Condn 4 of the conditions applicable to all arrack licences. In respect

of bottled Indian arrack the minimum limit of supply from the W.H. to shops has been fixed as 2 gallons (ie 2 dozen bottles). As it is necessary to compel vendors to maintain large stock of Cashew arrack in bottles the same minimum limit of supply, viz 2 gallons from the W.H. prescribed for bottled Indian arrack may be fixed for Cashew arrack also. No change appears necessary in the minimum limit of supply from depots which is half a gallon. These have been included in the new conditions proposed in (M)
